## GARRETT AND PRES- IDENT CONFER.

House Leader Will Defend the Policies of President. Is Preparing Speech. Vigorous Defense on Floor.

Washington, June 22.—As he has done on former occasions, President Wilson sent for Representative Finis J. Garrett of Tennessee for a conference on certain phases of the Mexican crisis. The conference lasted forty-five minutes, but Mr. Garrett would not, of course, repeat anything that the president had said to him in their confidential exchange of views. Mr. Garrett admitted, however, that their talk was confined strictly to the situation as regards Mexico. Mr. Garrett is preparing a speech on that subject for delivery in the house within the next few days. In every crisis that has confronted the administration Mr. Garrett has been spokesman on the floor of the house for the president. On yesterday he withstood a terrific republican fire of criticism of the president for his Mexican policy. It is quite noticeable that the republicans have determined to keep Mexico in the foreground of debate, regarding that as the one vulnerable spot in the Wilson defensive armor. In the speech he is now preparing Mr. Garrett will not only make an exhaustive defense of the president's handling of the perplexing problems that have multiplied in Mexico, but he is expected to present in outline some of the higher things the president hopes to accomplish as a result of what he has already attempted from motives of altruism rather than of expediency.

Not alone because he is a forceful debater does the president confer often with Representative Garrett, but as a member of the committee on rules which has to report a special rule every time the house has to act on a vital administration emergency measure out of the regular order of business. Mr. Garrett takes the initiative in presenting the administration's side of the debate in support of the committee's action. The republican minority is ever on the alert to attack the committee on rules for enabling the house to put through legislation in which the administration is especially concerned.

The inference is that in their conference today President Wilson gave Mr. Garrett a fair idea of some of the more important ultimate things he has in his own mind with reference to his future course in dealing with Mexico in particular and the Latin-American countries in general.

## NEGRO CAVALRYMEN FIGHT AT CARRIZAL.

Americans Led into Ambush Under Flag of Truce. Border Authorities Doubt Any Americans Made Prisoners.

Mexico City, June 21.—Extra editions of the newspapers and bulletins posted about the city tonight tell of the defeat of American troops at what is styled "the battle of Carrizal." The Americans are declared to have been dispersed and seventeen prisoners captured.

The official version of the clash says that the Americans attempted to capture the railroad station at Carrizal and were engaged by Gen. Felix Gomez, who was in command of the Carranza garrison. Gen. Gomez was killed in the battle. It is announced that among the prisoners was an American interpreter, who confessed, it is claimed, that the American commander was the aggressor. The prisoners were sent to Mexican headquarters at Chihuahua City.

El Paso, Tex., June 21.—A detachment of the tenth cavalry of the United States punitive expedition under Brig. Gen. J. J. Pershing in Mexico, was ambushed today by a vastly superior force of Mexicans in the hamlet of Carrizal, nine miles from Villa Ahumada, and after a fierce fight lasting two hours the Americans withdrew.

Reports from both American and Mexican sides state that forty American soldiers were killed in the first batch of machine guns concealed on the flat roofs of the adobe houses. The cavalry withdrew, reformed and attacked the ambuscade. After two hours and upon a realization that they were greatly outnumbered, the Americans withdrew.

Seventeen Americans are declared by Mexican officials to have been captured and to have been hurried to Chihuahua City under adequate guard. A machine gun used by the Mexicans is reported to have done heavy execution.

The scene of the fight was just nine miles southwest of Villa Ahumada, the Mexican field headquarters in Northern Chihuahua, and the clash occurred only a few hours after President Wilson's 6,000 word note warning Carranza that the "gravest consequences" would follow an attack upon American troops had gone forward.

The Americans engaged are thought to have been members of a troop from the Tenth Cavalry, a negro regiment, returning from a scouting trip to Guzman. The size of the Mexican force, whose commander, Gen. Felix Gomez, was killed, is not known.

## Maiden Announces For Re-Election.

The Enterprise places before its readers this week the formal announcement of Hon. Seldon Maiden, of Greenfield, who wishes to succeed himself as direct representative from Weakley county in the next general assembly of Tennessee. His candidacy is, of course, subject the action of the democratic party.

Mr. Maiden filled this position in the last legislature with credit to himself and his constituency. Recognizing his ability as a legislator, Mr. Maiden was given several trustworthy committee assignments, executing the duties thereof with distinction. Mr. Maiden is well and favorably known to the democratic voters of this county. He is a brother to Judge Royal E. Maiden, than whom the county has no more universally popular nor beloved citizen. Seldon is a young man of marked ability. He possesses peculiar legislative tact, demonstrated by his service in the last legislature, where he was counted one of the most active members.

The Enterprise is not informed whether Mr. Maiden will have opposition this time, but whoever may oppose him for the nomination may count in advance on a warm contest, for Seldon is exceedingly popular over the county and will command a large vote.

The Enterprise takes genuine pleasure in commending this stalwart young democrat to the democratic voters of the county.

## Made Big Profit in Crimson Clover Seed

Winchester, Tenn., June 22.—Wednesday, Will Money of Williams Cove vicinity, in Franklin county, delivered to T. E. Farris at this place crimson clover seed from a twenty-five acre field and received in return a certified check for \$1,635, or about \$20 per acre more than the land is valued at.

A large number of Franklin county farmers will have this clover seed for the market and as a result thousands of dollars will be brought into the county.

Silage-fed cattle, alfalfa and crimson clover have proved to be big money producers to the farmers in this county.

## Route Selected For Davis Highway.

Jackson, Tenn., June 26.—As a result of the meeting of the Central West Tennessee Highway association in Jackson, when more than 300 good roads enthusiasts assembled here to lay plans for the construction of five tentative routes of the Jefferson Davis highway from the lakes to the gulf, there will be more good road work done this summer in West Tennessee than ever before. Three routes south of Jackson and two north of this city are competing for the official designation that will be made about Nov. 1 by a committee composed of a member of the state highway commission, a government highway engineer, and the editor of the Automobile Blue Book.

The following board of control was elected today to direct the work on the roads this summer: A. D. Hassel, Cades; James R. Deason, Trenton; M. E. Lee, Inville; J. L. Hendrix, Bethel Springs; T. H. Ransome, Toone; Thomas J. Taylor, Martin, and Oliver Benton, Jackson, president of the association.

The presidents and secretaries of the twenty-eight organizations represented here today were: J. N. Alexander and N. M. Stegler, Bradford; J. N. Hunford and W. C. Vick, Idlewild; A. B. Hassell and C. L. Daniel, Cades; J. G. Denny and Barnes O'Neal, Milan; J. N. Ray and W. C. McAdams, Greenfield; J. E. Shannon and R. H. Jackson, Sharon; G. E. Brooks and J. A. Bradberry, Martin; W. T. Murphy and J. O. Oliver, McConnell.

### Our "Good Roads Day."

Nashville, Tenn., June 24.—Thursday, July 27, has been set aside as good roads day in Tennessee by Gov. Rye, at which time every citizen in the state has been invited to take his shovel and pick in hand and devote the day to the betterment of the roads in his community.

It is mentioned by the Tennessee Department of Highways that more than \$130,000,000 has been spent in the state for road improvements in the last fifteen years. In 1913 and 1914, 44 counties in the state spent a total of \$12,474,298, derived from bond issues, in building better roads.

The sum of \$8,000,000 was appropriated through county courts and bonds issued for roads during 1915. Adding to this the amount of free labor and cost of bridges and the total for 1915 approximated \$12,000,000.

## Aged Man Charged With Bootlegging.

Jim Wilson, a man apparently sixty years of age, was brought here Saturday afternoon by Deputy U. S. Marshal Jim Etheridge and Deputy Sheriff Lawrence Tarry from Dukedom and placed in jail on a charge of selling liquor.

Wilson bails from Mayfield, it is said, and was plying his trade Saturday at Dukedom, selling quite a quantity of booze to the thirsty in that vicinity. Etheridge got wind of Wilson's game and soon had sufficient evidence to warrant his arrest.

Though the roads were heavy and muddy from the big down-pour of rain Saturday morning, Etheridge and Tarry ploughed through the mud in their Ford car, reaching here about 4 o'clock in the afternoon. Wilson was locked up. He later gave bond.

### A Hint to Wise Women.

Don't suffer torture when all female troubles will vanish in thin air after using Femina. Price 50c and \$1.00.

## A Dresden Boy Call- ed Upon for Service.

Rea Brooks, son of Mrs. John Brooks, near New Salem, was ordered back to Jackson, Miss., last Friday to report for service with the Mississippi state guard.

Rea has been living at Jackson, Miss., for the past year and joined the state guard at that place. He came home some weeks ago on a visit, receiving a message during last week to report for service at once, leaving here last Friday night for the Mississippi metropolis.

After young Brooks reached home from Jackson the Mexican situation took on a more grave aspect and the state guard in every state was ordered to prepare for mobilization, and he received a message ordering his return to Mississippi. Rea is considerably under age, being less than eighteen years old, and his mother and brothers may make an effort to secure his release.

## What J. D. Brooks of Sharon

### has to say about cream separators this week

It will be worth your while to find out what some of your neighbors who use De Laval Cream Separators think of their machines before you buy any separator.

About the best thing we can say for the De Laval is that all the farmers around here who use it are boosters.

It does good work for them and pleases them, and we know it will please you.

### Make it a point to ask your neighbor about his De Laval

There are nearly two million satisfied De Laval users throughout the world. More De Laval Separators are in use than all other makes combined. It isn't the cheapest, but the majority of separator users have found out by experience that it is the best and by far the most economical separator to own.

We want to tell you about an arrangement we have whereby you can make partial payment at time of purchase and pay the balance on such liberal terms that the De Laval will save its cost while you are paying for it.

Come in and see us the first time you have a chance and talk it over.

**Sooner or later you  
will buy a DE LAVAL**

Constipated? Bilious? Sour Stomach? Full of Malaria?

## Remove the Cause!

Nearly 90% of All Sickness Comes from Inactive Liver and Bowels

The bowels are to the system what the sewer is to the city. Sour bile and constipated waste if too long in the bowels is carried back through the blood, and the system is poisoned. Constipation is the forerunner and principal cause of colds, grippe, sick headaches, dizziness, depressed spirits, loss of appetite, impure blood, facial humors and rheumatism; jaundice, foul breath, sour stomach, indigestion, malaria, etc.

**CHRISTMAN'S  
LIVER-LIVNER**

(The Substitute for Calomel)

A natural, harmless remedy that even the children like to take. Does not gripe, nauseate, nor irritate, does not make you sick—holds none of the dangers of calomel—yet produces the same result and causes one to sing, "A dose at night makes the next day bright."

Christman's Liver-Livner contains pure Pepsin, which aids digestion, and pure vegetable drugs, which help to assimilate all kinds of food and restore the liver to its normal functions. Former ardent supporters of calomel, when once they have tried Liver-Livner, will not touch dangerous, nasty calomel again. Hundreds testify to Liver-Livner's wonderful qualities. Endorsements pour in from all sides.

L. F. Christman Medicine Co., of Jackson.

Tennessee, Proprietors of Liver-Livner, offer this guarantee: Get a bottle of Liver-Livner of your druggist today. It is a large, family bottle and lasts a long time. If it does not do exactly as claimed when taken according to directions, your druggist is authorized to return the fifty cents you paid. Liver-Livner is harmless to children and old people. Should be taken freely by all the family at the first sign of illness. Wards off malaria; makes life worth living.
